# Islamic Scripture The Hidden Treasure

A fundraising dinner for YOUR child's Islamic education!

*Join us for a special event that everyone should attend. A night dedicated purely to the Muslim children and youth of NSW. The NSW Islamic Scripture program teaches over 20,000 Muslim students each week in NSW public schools. And yet another 20,000 students miss out due to lack of resources. Scripture classes make a real difference to our children and community, which is why the program is uniquely and proudly supported by all Islamic leaders and organisations in NSW.*

*Allow us on this night to formally introduce you to the NSW Islamic Scripture Program, and let us work together to realise the potential of this treasured opportunity.*
